

The Berry Man, Inc.

Is proud to offer a “Farm to School program “

The Berry Man, Inc. eliminates transportation issues by providing local, fresh produce straight from the farm directly to you. This program concept came from Assembly Bill 826 The California Farm to School Child

The Berry Man, Inc. is proud to announce that we are now participating in the Farm to School Program. The California Farm to School Program helps schools to get local, seasonal, fresh produce and encourages kids to eat the healthiest foods that are available in our area! **We support over 20 local farms annually and 90% of this seasons greens are local.**
